Rebecca Greenwood

“There have been whirlwinds and storms and tornados” (Actually, before I share this, I had this in a dream last night. And the Lord was actually showing me what was happening in this area, here in New Orleans and in Louisiana through this dream. And my spirit all day has just been so stirred up.) But the Lord says *“There have been whirlwinds, storms and tornadoes that have brought destruction. But now I see a wind, a whirlwind of the Lord descending and those that recognized this wind of the Lord will be captured into the center or the eye of this whirlwind. They will see with clarity the power, strength, glory and resolve of this wind of the Lord. It will realign relationships, make new connections, and release His kingdom into New Orleans and Louisiana. Watch for the wind of the Lord. It is a new wind to build, to rebuild and usher forth His purposes and transformation. Keep your eyes on the winds of the Lord and recognize and receive the new move of His Spirit.”*

The Dream

In this dream that I had last night there were people that were afraid of the new wind because of what had happened in the past and the trauma of the past. And there were many that chose to run away from the new wind of the Lord. But those that stayed were captured in the eye of the storm. And it was a storm and it was a wind of the Lord and it brought total transformation and total change. So watch for the wind of the Lord, watch for the new move of the Lord. You are already in it. Don't run but embrace it. Because God is bringing, He's realigning, He's bringing new connections, He is building relationships and He is positioning the church in New Orleans and Louisiana to see His kingdom purposes established in this land. Amen.
